Lockdown Ministry

During the lockdown the Lord enabled us to make good use of the opportunities before us. Providing food relief to those who were hard hit by the lockdown and also encouraged ourselves in the Lord through the ministry of the Word and Music. We thank our Partners who supported us through this season.

The Sacredhood is one of the many blessings in disguise that came through the lockdown. It's a family band, set apart to inspire generations to find joy in Christ-like living. In celebration of our 1 year anniversary, we organized a Charity event, through which the young people of Mpangati village in Luwero district received, Food, Scholastic materials and the Goodnews preached to them. For more about the Sacredhood, follow us on various social media platforms @the_sacredhood.

YOUTH MINISTRY

During this period our youth have been active reaching out into the community with the love of God ministering to the needs of our parishioners and have also been networking and ministering with other youths from other fraternities.

BAPTISMS

This last December we had the privilege of baptizing twelve believers after taking them through a month long baptism class.
To God be the Glory

CLINIC CONSTRUCTION

We're so grateful to God who has enabled us to make considerable strides with our clinic construction project.

Special thanks to Vintage grace church for their Generosity towards helping us get closer to realizing our dream.

INTRODUCTION CEREMONIES AND WEDDINGS

We're grateful to God for our young people have chosen to honor God in their relationships by being formerly introduced to the families of their Bride to be and following through by making their vows before God and the church family in church. In the first picture is Pastor Alex and his bride Christine and the last two pics are those of Ivan and his bride to be Violah.

INCOME GENERATING PROJECTS

INCOME GENERATING PROJECTS

In pursuance of our objective of generating income to support the work, we have engaged in greenhouse agriculture, growing sweet peppers for the last three years. We recently however suffered a rainstorm that threw down one of our greenhouses but are very grateful to the Badger family for helping us re-construct it. May God bless you. We also have ventured into rearing chicken for both meat, egg and chick production. We are trusting the Lord to bless the work of our hands. We also grow green plantains which is a staple here. We during the lockdown, were able to provide food relief from our green plantain gardens to many needy families. We hope that it will generate some income in the future. We also grow corn to help with the chicken and pig rearing enterprises. Last but not least we intend to develop our pig farming enterprise.

ORBITUARY

It's been a tough season, coming to terms with the departure of some of our key leaders, Pastor Patrick Tansina went to be with the Lord early this year and he is survived by a widow, Aidah and five young children of school going age. We also lost Brother Wamala who is survived by a widow and four young children. We take comfort in the fact that our departed brethren are in the presence of the Lord but we're faced with the challenge of how we could best assist the families of the departed.

Concluding Remarks

We thank Him who has given us Strength, Christ Jesus our Lord, Because he judged us faithful, appointing us to his service even in such challenging times as the days we live in. We also want to thank our Partners and friends who have stood with us and prayed and also supported the work that the Lord has called us unto. We are forever grateful. For without you we would not be able to do the work that we have been assigned. May the Lord richly bless you.

Appeal from Cyprian the servant leader

Beloved, a great door for effective ministry has been opened for us but we are faced with a number of challenges. So as Nehemiah made an appeal to the men of his day to come and build the wall of Jerusalem (Nehemiah 2:17), I also humbly do appeal to you my brothers and sisters to come and let's build those partnerships in the gospel that will see heaven populated and hell plundered. I therefore beseech my brothers and sisters by the mercies of God, to earnestly pray for the individual churches, the FFCM vision the laborers and for the nation of Uganda. Furthermore, as God's stewards will you prayerfully consider your financial involvement in reaching Uganda for Christ as together we can see our generation evangelized and God's purpose for our lives realized. May God Bless You.

Your fellow servant in the king's harvest,
Cyprian, on behalf of the FFCM team.
